

# Imp Questions.

## Short

- 1) Define Data Communication?
- 2) What is Touchpad?
- 3) Explain Header and Footer in MS Word?
- 4) What is modem and also name its types?
- 5) What is biometric input?
- 6) Define network and Protocol?
- 7) What are types of computer network?
- 8) Differentiate b/w webpage and URL?
- 9) What do you mean by multitasking?
- 10) Differentiate b/w database and database management?
- 11) Differentiate b/w impact and non-impact printer?
- 12) What do you mean by computer security?
- 13) What are advantages of using database?
- 14) Define internet? How does internet work?
- 15) What are major components of computer network?
- 16) Differentiate b/w intranet and internet?
- 17) Differentiate b/w volatile and nonvolatile memory?
- 18) Differentiate b/w single tasking and multitasking?

- 19) What is ALU?
- 20) What is use of Biometrics?
- 21) Differentiate b/w CLI and GUI?
- 22) Differentiate b/w RAM and ROM?
- 23) What does mean application software?
- 24) Define web site hosting?
- 25) What are super computers?
- 26) What are impact printers?
- 27) What is WAN?
- 28) Describe function of Arithmetic and logic units?
- 29) What does mean by device driver software?
- 30) What is online searching?
- 31) What is flash memory?
- 32) What is line printer?
- 33) What is software?
- 34) Differentiate b/w Data and information?
- 35) What are input devices?
- 36) What is word art in MS Word?
- 37) What are forms in MS Access?

## Long Questions

- 1) Explain types of storage devices?
- 2) How to safeguard your personal information?
- 3) Define input devices? All major types of input devices?
- 4) What are main types of computers? Describe in detail with their usage in real life?
