Report On Road Accident

Dated Mar 10, 2024

To: SSP, Traffic police, Zaforwal

From: Police inspector A.B.C

Subject: Traffic Accidents in the city

Sir,

Introduction:-

Kindly refer to your letter No. 438 dated 1st Mar, 2024, on the subject cited above, I have prepared a report about the recent traffic accidents which took place in the month of February

On the receipt of your orders, I visited the different places of accidents and found the following

- ① A rickshaw collided against a bus on May. 20, 2021 at the corner of G.T.S stop. The bus was coming at full speed. The corner had a great crowd of people there. In the accident, the three

fares sitting in the rickshaw were killed on the spot. The bus driver was arrested, duly challenged and sent to prison on the charge of killing innocent people.

② Another very serious accident took place near the Civil Hospital Chowk. A private Toyota car No SGD 4398 ran over a cyclist. The cyclist was crushed to death. On enquiry, it was found that the brakes of the car failed. The car needed repair but the owner of the car did not worry about it.

③ Another serious accident took place recently near the Govt. college stop. A fast bus coming from Lahore ran over the college boys, who were waiting for the college bus. In that accident many students were injured but two of them were killed on the spot.

Conclusion :

In most of the accidents it was seen that fast speed was the cause of accidents. Most of the roads of the city are narrow and are in a bad condition. The flow of traffic is jammed by slow moving vehicles. The bus drivers run their buses carelessly and do not give any importance to the life of the innocent citizens.

Suggestions:

- i). It is suggested that the license of the drivers who run their buses beyond the fixed rate of speed should be cancelled.
- ii). The roads of the City should be widened and repaired.

The End
