1) Conduct Market Reserch :-

Market reserch will tell you if there's an opportunity to turn idea into a sucessful business. it's a way to gather information about potential customer & businesses already operating in your area. Use that information to find a competitive advantage for your business.

2) Write your business plan :-

Your business plan is the foundation of your business. It's a roadmap for how to structure, run, & grow your new business. You'll use it to convince people that working with you or investing in your company is a smart choice.

3) Fund your Business :-

Your business plan will help you figure

out how much more you'll need to start your business. If you don't have that amount on hand you'll need to either raise or borrow the capital.

4) Pick your business Location:-

Your business location is one of the most important decisions you'll make whether you're setting up a brick & mortar business or launching an online store, the choice you make would affect your taxes, legal, reg & revenue.

5) Choose a business structure:-

The legal structure you choose for your business will impact your business registration, requirement, how much you pay in taxes, & your personal liability.

6) Choose your business name:-

It's not easy to pick the perfect name you'll want one that reflects your brand & captures your spirit. You'll also want to make sure your business name isn't already being

used by someone else.

7) Register your business:-

once you've picked the perfect business name, it's time to make it legal & protect your brand. if you're doing business under a name different than your own, you'll need to register with the federal government, and maybe your state government too.

8) Get Federal & state tax IDs:-

You'll use your employer identification number for important step to start & grow your business, like opening a bank account & paying taxes. It's like a social security number for your business.

9) Apply for licenses & permits:-

Keep your business running smoothly by staying legally compliant. The licenses & permits you need for your business will vary by industry, state, location & other factors.

10) Open a business bank account :-

A small business checking account can help you handle legal, tax, & day-to-day issues. The good news is it is easy to set one up if you have the right registration & paperwork ready.
